

**CITY OF NEW LONDON
DRAFT 2017 STORMWATER ANNUAL REPORT
FOR DISCHARGE OF STORMWATER FROM
MUNICIPAL SEPARATE STORM WATER SYSTEMS (MS4)**

The City of New London is notifying the public that the above referenced annual report is available for thirty (30) day review and comments by those interested. The Draft 2017 Stormwater Annual Report was prepared by the City of New London meeting the requirements in the Annual Report section 6 (i)(2) of the CTDEEP General Permit for the Discharge of Stormwater from Municipal Separate Stormwater Sewer Systems (MS4). The report includes annual reporting, control measures, and Best Management Practices for 2017. Stormwater discharges from areas throughout the city streets including catch basins, drainage swales and culverts that are within the City's responsibility as part of this permit. The permit does not cover stormwater discharges from city-operated buildings/facilities which are under a separate permit registration.

Draft copies of the Report will be available for review at the Department of Public Works and on the City's website (<http://ci.new-london.ct.us>) under Public Works Department Engineering Services link. Please address comments or questions to the Department of Public Works at the following address or via email:
